## Chapter 11 To 15

### Chapter 11

She could not tell the truth.

I can't say, ah, that day when I knew homoplatinum was going to get married, I went to steal the marriage. I didn't expect the groom to be your big brother.

Wasn't that directly telling Di Jun Bai the truth that she liked him? She had always been secretly in love.

While he was lost in thought, another low and cold voice was heard —

"Why aren't you saying anymore?"

Tang Bao's body stiffened, and she turned her head to see the Di Hao Tian who had suddenly appeared.

He ... Did he hear what he said to Di Jun Bai just now?

"Back to my room." Di Hao Tian walked in with his tall body, giving off a strong sense of pressure. His black eyes were filled with an undefiable power.

Tang Bao glanced at Di Jun Bai and ran off gloomily.

"What's the matter?" Di Hao Tian asked indifferently.

Di Jun Bai's face could not help but show worry, "When Wan Rou found out about your marriage, he was shocked and his entire person looked sickly. I

wonder if you could persuade her? "

"The most powerful exhortation is to pretend that she doesn't exist. I don't have the patience to coax a woman. "

After Tang Bao returned to her room with Di Hao Tian, she did not even find a place to sit down as she simply walked around.

He wondered if she could sleep in a room by herself. She didn't want to share a bed with Di Hao Tian.

It's too shy.

For a man who has never been in love, what he is enduring is like a storm.

I can't stand it.

She needed to protect herself, didn't she? She had to leave this place in the future. She could not have any further relationship with Di Hao Tian.

The door opened, and Di Hao Tian's tall body walked in.

Tang Bao stood there motionlessly, watching the people who entered cautiously, and even those who were approaching her.

Before he could retreat, he was already trapped between Di Hao Tian and the wall.

Tang Bao's entire mind went blank as she reached out to push it. However, when her hands landed on Di Hao Tian's chest, she felt that the muscles were tough, sturdy and were releasing a hot temperature. No matter how much strength she used, her chest did not move at all.

"What are you doing?" "Hm!" Tang Bao's lower jaw was grabbed and she forcefully lifted her head, forcing herself to meet the pair of sinister black eyes.

"Have you forgotten what I said? Never look at a man other than his husband."  
"

"This request is too excessive, I'm just looking at things as normal. There are so many men outside, how could I not see this?" If there are those who are paying attention and those who aren't careful, how can they be controlled? " Tang Bao retorted, unconvinced.

"Is that so?" Di Hao Tian laughed coldly.

Tang Bao's heart tensed up, with a flash of her eyes, she was thrown onto the sofa at the side and fell down. Then a thick shadow fell over them, covering them.

When Tang Bao saw such a ruthless man from the bottom up, her body shivered. She was so scared that she wanted to get up quickly. I'll tell you, I won't agree! "

"Never say no when your husband needs it." Di Hao Tian's head drooped down, and landed on Tang Bao's swan like neck, as if she was about to be devoured if she wasn't obedient.

Tang Bao immediately shouted for her to stop, her breathing became unstable.

"Never stop while the husband is in progress." Di Hao Tian pressed Tang Bao down tightly, the sweet and delicious scent that the girl carried enticed him.

"We can get married after the age of twenty in our country, but I... I'm only twenty years old, you can't do this, or you can wait until I graduate from university! "

## Chapter 12

I still have a year left before I graduate

Tang Bao only felt that the strong fingertip that was pressed on his lower jaw was extremely hot, penetrating her skin, it was extremely dangerous.

"There's only one year left, and not that long, right?" Tang Bao was so nervous that she started laughing dryly.

Di Hao Tian's black eyes were sinister and aggressive. After staring at her for a few seconds, he suddenly let go of her and said in a low voice, "You can."

When the heavy shadows on his body dissipated, Tang Bao's entire body was practically paralyzed on the sofa.

She quickly got up and sat on the sofa. With regards to Di Hao Tian easily agreeing to her request, Tang Bao took the opportunity to ask her: "I want to live alone in a room, is that okay? Just wait until I graduate from college before I move in with you? " He definitely wouldn't wait for that day to come.

"Sure."

It was right next to Di Hao Tian's room. Although he was not too satisfied with the distance, Tang Bao knew not to take things too far. She should be satisfied with being able to move out of Di Hao Tian's room.

When he finished showering, Tang Bao's phone rang again. The caller ID

showed that it was Tang Qi Shan. Tang Bao hesitated to answer. Before she could open her mouth, the people inside started questioning her.

"You hit the ruyi scepter?"

"She stole my things." Tang Bao didn't feel that she was wrong.

"So you beat him? Such a big person couldn't even assess the severity of the matter? What if something happens?" Tang Qi Shan's voice was filled with anger.

It was as if he had been beaten by his own daughter.

"Did Tang Ru Yi kill him? Or did he become a vegetable? Since he had only fainted, why was he so flustered? Those who don't know, even think that I killed your biological daughter!"

"You ..."

Tang Bao immediately ended the call and threw his and her phone on the bed.

Aren't you sad? Of course I'm sad. But what could he do? She should be used to it. She had been trying to get used to it.

The difference in treatment between her and Tang Ru Yi was huge. This has been the case since they were young.

In college, Tang Ru Yi attended a noble school while she attended an ordinary school. Zhou Xiang Ting said that the noble school only wanted Tang Ru Yi. Tang Qi Shan believed it.

Tang Bao still didn't know? This was only Zhou Xiang Ting's method, she wanted to spend all the money she saved on her own daughter.

The next day when he went to school, Tang Bao was called over by the principal.

"Here's your diploma."

Tang Bao opened her mouth in shock, and then made a sound for a long time: "Principal, were you mistaken? I still have a year before I graduate! "

"I'm fine. Even if it's still a year away, I'll still issue you with your diploma. Student Tang, you have graduated. " the headmaster said with a laugh.

This was the first time he found the headmaster so kind and amiable.

She finally knew why Di Hao Tian was so easy to talk to.

He actually used his power to graduate her. To others, this was harder than ascending to heaven, but to Di Hao Tian, it was easy.

The moment Tang Bao walked into the castle, she seemed to hear a woman's weeping voice.

A woman? Di Hao Tian brought back a woman? However, from the sound of it, it sounded like he was being bullied?

Outside the side hall, Tang Bao stood by the door and peeked inside. She saw a tall and sturdy Di Hao Tian standing inside, while a weak and delicate woman stood opposite him, crying.

Tang Bao thought that she had indeed brought a woman back.

## Chapter 13

This was too obvious. Even if this marriage wasn't what she wanted, with Di Hao Tian's brazenness, it was simply too arrogant.

"No matter how many women you have outside, I never care, because I know you're not sincere. But you were married, and I was the last to know. You know I liked you a long time ago, and my heart is breaking. Why are you doing this to me? There must be a reason behind marrying a girl you don't like at all, right? " Lan Wan Rou wiped his tears from time to time, as if he was overly sad.

"Since you know I'm married, you should know what to do. "You're not well, let the driver take you back." Di Hao Tian was expressionless.

Lan Wan Rou was so heartbroken that she turned around with tears flowing down her face.

Tang Bao who was hiding by the door quickly ran into the hall, pretending to have just returned.

Lan Wan Rou walked out of the side hall. When she saw Tang Bao, her crying expression changed.

Tang Bao frowned her elegant brows.

Why did she seem to see the hatred in this woman's eyes just now? She must be seeing things, right? She hadn't offended her.

When Di Hao Tian walked out, he immediately went up. She hadn't forgotten the reason why she came back so excited.

"Di Hao Tian, what do you mean? How did I graduate? "

"Didn't you say that as long as I graduate, I can touch you? Now that you have graduated, you can do whatever you want. " The corner of Di Hao

Tian's lips rose, and his black eyes shone with an aggressive light, like a devil's.

Tang Bao retreated back and crossed her arms across her chest, "No way. I'm talking about a real graduation. You're being shameless. If you really want to do that, why don't you go find another woman? I think that woman was pretty pretty. "

"The baby is so generous?" The aura from Di Hao Tian's body became even deeper, noble and evil. Unfortunately, none of the other women are able to arouse my interest. "

Tang Bao's face was red and hot, how could he say such a thing? She didn't feel lucky at all. The fear of being surrounded by demons should be there.

"No. Even if it wasn't after I graduated from college, it wouldn't be now. I need to be mentally prepared. " Tang Bao resorted to delaying the situation.

"How long?" Di Hao Tian's voice was slightly heavy.

"Ten months."

"It's been too long, one month." Di Hao Tian's eyes turned dark.

"What?" "It's too short, half a year." Tang Bao felt that one month had passed quickly. It would not be easy to leave Di Hao Tian.

This man's power could cover the sky! He even forced the train to a standstill, and the diploma was given.

"Two months." Di Hao Tian.

"Three months." Di Hao Tian.

"Four months." Tang Bao.

"Five months." Di Hao Tian.

"Three months." Tang Bao.

"Deal."

"..." Tang Bao.

Di Hao Tian looked at her with interest, his black eyes full of scheming.

Tang Bao looked at the sturdy figure that had turned around and walked away, and she wanted to cry but had no tears to shed. She had been tricked by the demon, Di Hao Tian. If she was to accept her fate and marry Di Hao Tian, would she accept her fate? She and Di Hao Tian weren't from the same world. This man was too terrifying. Thinking about it, she, Tang Bao was usually quite smart too. In front of Di Hao Tian, she would only be tricked.

Three months... How could she make use of these three months?

Night time, Tang Bao lied on his bed and thought of something. She bounced up from his bed and snuck out of the room. She found Zhang Li, who was instructing the maid to do some work.

## Chapter 14

After Zhang Li let the maid go down, he asked: "What business does young madam have?"

"Is young madam referring to Miss Blue? She is the niece of the Second

Madam of the Di Clan. Because the Second Madam's sister passed away, she has always been raised by the Second Madam, just like her own daughter. " Zhang Li said.

Furthermore, Tang Bao also knew that after Di Hao Tian's father passed away, he had a mother. Tang Bao did not mind. The Wealthy Class families were very complicated. Even the Tang Family, a small rich business owner, was feeling extremely complicated.

From this, it could be seen just what kind of a ruthless character Di Hao Tian was. At such a young age, he was able to grasp the lifeline of the entire Di Clan.

"That woman likes Di Hao Tian?" Tang Bao asked with a hint of gossip.

"My apologies Young Madam, we cannot interfere in Young Master Di's private matters." Zhang Li lowered his head slightly.

A low, lazy voice interrupted. "If you don't understand, ask me directly."

Tang Bao was shocked. She turned around and saw Di Hao Tian, who had appeared out of nowhere, leaning lazily on the side of the door as she looked at her with her deep black eyes.

Zhang Li bowed towards Di Hao Tian and took his leave. Leaving Tang Bao to face it alone.

"I don't want to know anything. I'm going to sleep. "Good night!" Tang Bao ran off as soon as he finished his words.

Tang Bao was forced to change her fate and marry the man that women

sought desperately. But she wasn't happy at all. She stayed in the classroom, sprawled out on the desk, as if she had suffered a blow.

She used to live in the school, but ever since she married Di Hao Tian, she had been living in the castle every day. It was very comfortable and luxurious. Living in it made her look like a princess.

Di Hao Tian also promised to give her three months, but he didn't overdo it. He gave her the best food and clothing, a luxurious life that others couldn't even ask for.

However, who would dare to take such an obscure marriage?

"Why are you so listless? "Get up, hey!" Wan Mi Lai sat down beside his seat.

"Hey what?" Tang Bao was not interested in anything.

"A few classmates organized a night at the bar to play. "Should we go?"

Tang Bao had gone to a bar with his classmates, all of them eating and drinking, but it was still quite fun. She had a good time with a few classmates. Usually, they would call her over to play with something. Anyway, at Tang Bao's age, she liked to play crazily.

"It can't be that my tutelage is too strict, so I can't go, right?" Wan Mi Lai knew that the current Tang Bao was different from the past. She was already married.

But these words were not pleasant in Tang Bao's ears, she never knew what a strict home tutor was. She suddenly sat up straight and slapped the table.

"Why can't I go?"

"I want to show you what freedom is!" The small flame in Tang Bao's heart burned.

Tang Bao called the castle and said that she had a gathering with her classmates at night and would be back later.

After that, I went to the bar with my classmates.

The other students were all dressed up like a flirtatious slut. Wan Mi Lai was wearing a sexy dress along with the bar's atmosphere, while Tang Bao was still wearing his daytime denim dress, giving off the air of a young girl.

## Chapter 15

The others had all gone to dance, except for her, who was eating and drinking from the snacks on the table. The little citizen with a bit of peanut and rice wine felt as if he was here to eat.

Just as Tang Bao was staring at the bodies of the group of demons that were dancing on the dance floor, a middle-aged man sat down in front of her.

"I've had my eyes on you ever since you came in. I really like you."

Tang Bao chewed and chewed as she looked coldly at the man's smiling face. Then, she slammed her hand on the table. The thin white finger, especially the pink wedding ring on the ring finger, was so eye-catching.

"I'm sorry." When the middle-aged man saw the wedding ring, he awkwardly smiled before standing up and leaving.

This scene, was seen clearly from a distance by Wan Mi Lai. He returned to

his seat.

"Are you really going to sit here until you're full and go home?" Wan Mi Lai asked.

"Or what?" Tang Bao was very bitter.

"People who come here to play would rather take off their wedding rings and hide them in their pockets. But you, you turned the diamond ring into a sharp weapon to reject flirting."

"Didn't you see that person was almost my dad?" Tang Bao didn't want to admit that he had felt the decadence of having his imprint placed on him by Di Hao Tian.

"Sure, you want a handsome guy, but I can assure you that you won't be able to find a man more handsome than Di Hao Tian."

"I'm not going to talk to you anymore. I drank too much. I need to go to the toilet and hiss." Tang Bao did not want to bother with Wan Mi Lai's topic, so she got up and left the seat.

"Do you want me to accompany you?"

On the way to the washroom, Tang Bao walked with an unconvinced expression, her face as red as an alluring ripe apple.

She had to admit that Di Hao Tian's face was indeed carved like a ghost, his features clearly defined and strong. His pair of long and sharp eyes were filled with the cold arrogance of a Ranker, and no matter if it was the side of his face or the front of his face, there was not a single flaw to be found.

However, due to his overbearing character, he was definitely a reincarnated

demon.

After putting the water in, Tang Bao came out from the washroom. However, the road in front of him was blocked.

Tang Bao thought that she was obstructing others, so she walked towards the side. Who knew that the people in front of them would block them?

Tang Bao raised her head and saw two men with malicious intents: "Excuse me, can you excuse me?"

"Little sister, are you alone?"

"What are you guys doing?" Tang Bao frowned. When the two men approached her, she took a few steps back in disgust.

"Of course, let's treat our younger sister to a drink. Our younger sister will treat us to milk." "The man stared at Tang Bao's chest in a wretched manner. It was really surprising. She was still so young, yet she couldn't tell ...

"Ahhh!"

The man who was speaking was caught off guard and hit his head. His entire body swayed, but he stabilized and did not faint.

Tang Bao looked at the brick in her hand in a daze. She actually didn't faint? This was the first time she failed!

"F \* ck, I think you're courting death!" The man was so angry that he reached out to grab Tang Bao, but Tang Bao was unable to react in time.

However, her hand stopped a few centimeters away from her chest. The man's wrist was strangled and he could not move at all.

Not only that, but the man's entire face was contorted with pain.

Tang Bao lifted her head and saw Di Hao Tian. Her cold eyes were ruthless.

"Di, Young Master Di?" When the two men saw Di Hao Tian's face clearly, they were so frightened that their faces turned pale.

"You dare to touch my woman, who gave you the guts?"
